

## FIRMWARE UPDATE RELEASE NOTE: **BFM136**

---

**Date:** 06.06.2010

**Version:** V18.4.1

---

**MAIN:** **BFM\_18.4.1\_4EED.hex**

---

**Reason:**

1. Number of available tariffs is extended to 6.
2. Added date and time setpoint triggers.

**Notes:**

1. **Upgrading the meter with the present firmware versions V18.3.XX will destroy the contents of all energy registers and log files.**
2. **Using version V18.4.1 for upgrading meters at the present user installations should be avoided.**
